DETAILED ACTION

1. Applicant's Pre-Amendment filed August 20, 2003 has been entered. Claims 1 – 46 have been canceled. Claims 46 – 52 are presented for the examination.

Allowable Subject Matter

2. Claims 46 – 52 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior arts teach a method of providing voltage to a circuit including a first pad, a second pad, a programmable element, and a latch, the method comprising: allowing electrical communication with the programmable element through the first pad before packaging the circuit.

However, the prior arts fail to teach the method further comprising a conductive path from the first pad to the element to be free of regulation by any transistor; and preventing all electrical communication to the programmable element through the first pad after packaging the circuit.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
